4.4.2: There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (210) 195

Institution has established systems for the meticulous maintenance and upkeep of physical and support facilities- laboratory, library, sports complex, computers, classrooms etc. Institution has done contracts with external agencies to maintain infrastructure, equipment and other facilities such as fire extinguishers, generators, UPS, air conditioners, water purifiers, water coolers, laboratory equipment and photocopiers. To maintain internet connectivity and CCTV security system, institution hires private technicians, and electricians as and when required for technical and electrical maintenance. For other repairs and maintenance, there is a procedure followed by institution. If any repair and maintenance is required in the facilities, respective HoDs report the requirement to the Principal. Minor repairs are carried out by in-house staff as required. For maintenance by an outside agency, quotations are obtained from several vendors and approved by the Principal. For all types of purchases, requests are made by HoDs to the principal. Under the guidance of the principal, Purchase Committee followed the procedure for purchasing required goods. For construction maintenance, the administration decides on the further course of action as per CDC guidelines with prior approval from the management. Sufficient funds are allotted for the maintenance of physical, academic & support facilities.
